

## Registration for International Certification Therapeutic Spiral Training

MindFreedom members, peer specialists, peer counselors and peer advocates are welcome to enroll in the training, provided that MFI members have paid their membership dues and a contribution fee toward the training.

Non-MindFreedom members, clinicians, and community organizers can enroll in the training with a 10 percent discount for any of the modules and can become MindFreedom members.

Therefore, as seen in the briefer public announcement, MindFreedom International is initiating an extensive 2 year training program in New York City with Dr. Kate Hudgins (<http://www.drkatehudgins.com>), the originator of the Therapeutic Spiral Model (TSM) for International Certification in her highly acclaimed, worldwide, non-medical, trauma-informed, strength-based model of action methods. The intention is to create a supportive network for those wanting to work with or seek help from persons trained to address trauma.

The first year of the program in New York city begins with the free-standing, experiential weekend module: March 14th-16th, 2014. For further information regarding this initiative, the costs, further module dates, and enrollment, please email: [MindFreedomNY@gmail.com](mailto:MindFreedomNY@gmail.com) or by phone: [888-371-3633](tel:888-371-3633).
